Dear Park Lover,

Since our founding in 1996, the Neighborhood Parks Council has helped San Francisco's parks and playgrounds to grow and prosper. NPC's 15-year history of advocating for and improving our parks is based on engagement and support from you and many other donors and volunteers. We are proud of your previous and on-going support and would like to invite you to help us to engage others in our important work.

As a grassroots organization, much of our strength comes from the relationships we have built with people and organizations introduced to us by friends like you. One of the most fun and effective ways we reach out is our Annual Luncheon, a networking event, which brings many new supporters and volunteers to learn more about our parks, and how they can be engaged in improving them. This year, we are delighted to be holding the event in the beautiful Julia Morgan ballroom on Thursday, May 19.

Our table hosts have been vital in building our coalition and helping improve parks and open spaces. We would be honored if you would be a Table Host for the Friendraiser Luncheon.

We respectfully request that our table hosts sponsor a table at \$300. Hosts are encouraged to invite nine others to join them from their personal and professional network who are interested in learning more to join them for lunch. This is a great opportunity for our parks to gain new friends. We are able to offer a table for such a reasonable price because of our generous corporate underwriters.
